### Safe Working Arrangements

MARs will ensure compliance with our safeguarding arrangements when the premises is hired for events/clubs/activities aimed at children.

It is vital that at MARs we follow procedures when hiring the space to groups and individuals, professional or not, to ensure they are aware of their duty of care as set out in our booking conditions. This includes arrangements for handling accidents or issues during the hire. We must ensure private hirers are made aware of their obligations and have the appropriate risk assessments, safeguarding procedures and DBS certification in place.

Our safeguarding arrangements apply to three generic circumstances set out below;

1. **Private hire** (e.g. children's parties.)

**ACTION** - Hirers will be signposted to our safeguarding policy and emergency guidelines and asked to ensure that any 'entertainers' are DBS checked.

2. **Commercial hirers** (e.g. events where children or young people are the focused attendees.)

**ACTION** - hirers will be made aware of our safeguarding arrangements and emergency guidelines.  
- hirers should establish compliance ensuring they have insurance cover, DBS certification, risk assessments and safe working practices.

3. **MARS events.** (If MARs decided to run a specific event aimed at children.)

**ACTION** - A specific risk assessment for the event will be written which sets out the arrangements for ensuring all health and safety issues have been addressed.  
- adults providing the event are DBS checked and aware of how to respond if a child or young person discloses any information.  
- organisers and helpers should be fully briefed of the fire procedures, kitchen safety and health and safety concerns within the event.
